MR. PIDDINGTON'S WITHDRAWAL.

MEMBERS OF BAR ELATED.

MR. POWERS EXPECTED TO SURRENDER.

The Council of the Bar is elated at the capitulation of Mr. Piddington on the eve of his swearing-in as a member of the High Court judiciary.

On the other hand, there is no inconsiderable section of the Bar of this State which is strongly of the opinion that he has made a tactical mistake in resigning—private reasons or no private reasons.

MR. PIDDINGTON, K.C.

CONGRATULATED IN HIGH COURT.

In the High Court yesterday Mr. A. B. Piddington announced his appointment as King's Counsel. The Acting Chief Justice (Mr. Justice Barton), Mr. Justice Isaacs, Mr. Justice Duffy, and Mr. Justice Rich were on the Bench.

The Acting Chief Justice said: "The Court congratulates you, Mr. Piddington. Perhaps in the circumstances which have lately occurred I may be allowed to depart so far from the practice of the Court as to say that the Court welcomes your accession to the rank of King's Counsel with more feeling from the fact that you were recently one of its members, and resigned your commission as a Justice in this Court under circumstances which nobody who knows you can doubt evinced motives of the highest honour and the most delicate feeling."

Mr. Piddington: "Thank you, your Honor."

 McTiernan JJ.

In an action for negligence which arose out of an accident in a public street, a witness for the plaintiff stated that he was in the street and saw the accident, which he described. In the course of cross-examination he asserted that he had been doing a message for one J. at a bank which was distant a block or two from the scene of the accident. The bank manager, who was called by the defendant, said that there had not been any operation on J.'s account on the day of the accident, and he produced an authenticated copy of the account in support of his statement. The jury returned a verdict for the defendant.

Held, by Dixon, Evatt and McTiernan JJ. (Latham C.J. and Starke J. dissenting), that the bank manager's evidence was inadmissible and the misreception of the evidence could not be treated as an immaterial error not reasonably capable of affecting the verdict of the jury; therefore a new trial should be granted.

Decision of the Supreme Court of New South Wales (Full Court) reversed.
