**SurfStitch Shareholders' Class Actions
PROPOSED SETTLEMENT OF CLASS ACTIONS**

SECOND REGISTRATION NOTICE

IMPORTANT: This notice contains important information that may affect your legal rights. You should read this notice carefully. If there is anything in it that you do not understand, you should seek legal advice immediately.

A. About this further notice

1. In November 2019 you were sent a notice concerning the SurfStitch Shareholders' Class Actions which provided information relating to:
 - (a) your right to opt out or register to participate in a proposed settlement of the class actions;
 - (b) your rights under the related DoCAs; and
 - (c) the relationship between the DoCAs and the proposed settlement process, (the earlier notice is called the **First Notice**).
2. This further notice is to be read in conjunction with the First Notice and adopts the defined terms in that document.
3. This notice is directed to all potential group members, including those who:
 - (a) did not register to participate in the proposed Class Actions Settlement; or
 - (b) opted out of those proceedings in accordance with the directions provided in the First Notice,(this subset of the group members are called the **Non-participating Group Members**).
4. The purpose of this second notice is:
 - (a) to provide Non-Participating Group Members with:
 - (i) updated information concerning the likely funding and legal costs in the proposed Class Actions Settlement; and

- (ii) a revised possible range for the value of the convertible notes claimable by group members as part of the DoCA process;
- (b) to inform Non-Participating Group Members that they have a further opportunity to participate in the proposed settlement of the proceedings; and
- (c) to inform **all** group members that the date for approval of the DoCA Settlement and the Class Actions Settlement has been changed from 16 December 2019 to **22 May 2020**.

B. Funding costs update

- 5. In the First Notice, group members were informed that, as part of the proposed Class Actions Settlement, the plaintiffs intended to apply for a 'common fund' order which, if made, would result in all registered group members paying a funding commission of between 20-30% directly to the funders, ILP and Vannin.
- 6. The plaintiffs no longer intend to seek a common fund order. Instead, the plaintiffs now propose to seek a "funding equalisation order" by which:
 - (a) the funders would be entitled to claim a funding commission from group members who signed a funding agreement in relation to the Class Actions (**Funded GMs**) at a rate a rate determined by applying the terms of the relevant funding agreement; and
 - (b) non-funded group members who register to participate in the proposed settlement (**Non-funded RGMs**) will be required to contribute to the funding costs of the Funded GMs in an amount not exceeding that required to ensure that all registered group members receive the same rate of return from the settlement.

C. Update to estimated value of convertible notes

- 7. In the First Notice, potential group members were informed that: (a) the plaintiff's best estimate of the cash available for distribution under the DoCA was \$2.7m to \$3m; and (b) the current projected value of the convertible notes available for distribution under the DoCA was in the range of \$6m-\$19.9m.
- 8. Due to developments, including a very difficult retail environment, it is now expected that the fair value of the convertible notes will be materially less than the estimate provided in the First Notice, and will be in the range of \$0 to \$4.25m.
- 9. The estimated cash available under the DoCA has changed from a range of \$2.7 to \$3m in the First Notice, to a new range of \$2.46 to 2.7m.

D. What the updated information means to Non-Participating Group Members

- 10. There are two consequences of the above developments.
- 11. First, as a result of the change in estimated value of the convertible notes, the returns of Non-Participating Group Members under the DoCA are likely to be significantly less than was indicated in the estimate provided in the First Notice (see in particular the

table at paragraph 15 of the First Notice) and in the Report to Creditors dated 16 March 2018.

12. Secondly, as discussed above, the funding equalisation order will result in registered group members paying less in funding costs to the funders under the proposed settlement of the class actions.
13. Nonetheless, whether Non-Participating Group Members will be better off participating in the proposed settlement (as opposed to claiming under the DoCA process only) will still depend on:
 - (a) the final total number of registrants in the settlement process, and the relative numbers of Funded GMs and Non-Funded GMs;
 - (b) the value of the convertible notes at the time of any distribution (which, despite the revised update above, remains uncertain); and
 - (c) the amount of the plaintiffs' legal costs approved by the Court as being reasonable and payable by group members participating in the Class Actions Settlement. A copy of the independent costs report that will be considered by the Court in deciding this can be accessed at www.gadenssurfstitchclassactions.com.au
14. As disclosed in the First Notice, the plaintiffs seek \$6 million in legal costs. If approved in full, the plaintiffs' costs together with any approved funding equalisation order could significantly reduce the amount of cash available to group members participating in the Class Actions Settlement. Alternatively, the Court may decide only to approve part of the plaintiffs' costs, in which case the reduction in cash available to registered group members will be smaller. Therefore it cannot be guaranteed that group members who participate in the Class Actions Settlement will be better off than Non-participating Group Members who lodge a proof of debt as part of the DoCA process only. That depends on the matters set out in [13] above.

E. What do I need to do?

Option 1 - Register to participate in the Class Actions Settlement

15. If you signed a Funding Agreement with either of the funders, or you earlier registered to participate in the Class Actions Settlement, then there is nothing you need to do. You are already a Participating Group Member.
16. If you are a Non-participating Group Member, however, and you now wish to participate in the Class Actions Settlement, you must complete the '*Group Member Registration and DOCA Authorisation*'. You can complete that form electronically by visiting the web address and following the process set out in Part F below. Alternatively, you can register by completing the form that is Annexure A attached to this Notice and returning it to Gadens or JWS at one of the addresses in Part F below by 4:00pm AEDT on **24 April 2020**.
17. The Annexure A form includes the directions to the DoCA Administrators explained in Part D of the First Notice.

18. If you earlier opted out of the Class Actions, you can still register to participate in the settlement. However, if you do so, your earlier Notice of Opt-out will be deemed to have had no effect, and you will be bound by the releases in the Settlement Deed and associated Court orders.

Option 2 – Do nothing

19. If you are currently a Non-participating Group Member (who has not opted out) and you do nothing, you:
- (a) will remain a group member in the SurfStitch Class Actions; **but**
 - (b) will not be entitled to make a claim in the Class Actions Settlement. You may, however, still lodge a proof of debt with the DoCA Administrators for assessment under the DoCAs. Whether or not you lodge such a proof, you will be bound by the releases provided by the DoCAs (this is a consequence of the terms of the DoCAs and the operation of the Corporations Act 2001 (Cth)); **and**
 - (c) if the Court approves the Class Actions Settlement, will be bound by the releases in the Settlement Deed and associated Court orders. If you signed a funding agreement with one of the Funders, you may also still have contractual obligations to make payments to the Funders.
20. The Class Actions Settlement approval hearing has listed before Justice Ball for **22 May 2020**.
